

## ASA SECURITY PANIC BUTTON APP INSTALLATION INSTRUCTIONS

1. **Download the ASA Security Panic Button APP** from the [apple app store](#) or [google play store](#), or just [scan the QR code](#).

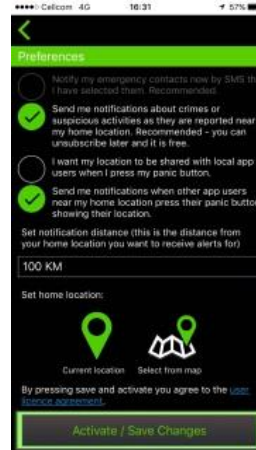

2. **Open the app and fill in your details.**
  - a. Your name and phone number must be correct so we would be able to call you when needed.
  - b. Your selfie is required so we could recognize you when we come to assist you.
  - c. You may fill up to 5 emergency SMS contacts (optional), who will get your panic alert whenever you press it, and would be able to see where you are.
  - d. Take a moment to set your home location correctly.

3. Press “**Activate/Save Changes**” to start using the app.

## HOW TO USE THE APP

### EMERGENCY SCREEN

1. **Open** the app
2. **Press** the big red “ASA SECURITY” button whenever you are in a distress and we will get your alert, see where you are, call you, and **send our team** to you.
3. **Press** the smaller “ambulance” button whenever you are in a medical emergency, and we will get your alert, see where you are, call you, and send the **closest ambulance** to you. (*service coming soon*)
4. Note that when an alert is **on**, the **background is red** and there is a phone icon inside the button.
5. **Pressing** the button **again** will **cancel** the alert (do that only when you are safe again).

## NON-EMERGENCY FEATURES

1. **Add alerts**- feel free to add alerts of crimes you see or hear about and they will be loaded to our community crime map which all users can view and benefit from.
2. **View alerts**- opens our community crime map, so you can avoid these locations.
3. **Follow me**- sends our control room a request to follow you when you enter a hazardous area.
4. **Record audio**- a simple audio recorder for your personal use.
5. **Other useful numbers**- 1 button calling to police, medical, firefighters.
